EXPERTISE

Through his 34 years in the foodservice industry, Scott Reitano has become highly regarded for his change leadership, creativity, and his passion for serving others. He brings high-energy and an infectious enthusiasm to all the opportunities and challenges he is afforded in life.

Scott believes in the concept of Project Leadership. To that end, he is committed to using his foodservice industry knowledge, design expertise, and project process understanding to guide his clients and advise his design partners throughout the completion of facility design and construction.
